

0.70 PPM	Selenium (Min)
110 IU/LB	Vitamin E (Min)
5,100 IU/LB	Vitamin A (Min)
50.00 PPM	Copper (Min)
160.00 PPM	Zinc (Min)
0.50 %	Phosphorus (Min)
1.10 %	Calcium (Max)
0.80 %	Calcium (Min)
10.00 %	Crude Fiber (Min)
12.00 %	Crude Fat (Min)
12.00 %	Crude Protein (Min)

EQUI-PRO® Performax™ Typical Analysis

- Optimal Omega 3 and 6 balance of essential fatty acids (Flaxseed)
- Live cell yeast culture
- High levels of antioxidants
- Organic minerals
- Formulated with only the highest quality fiber sources
- Optimum amino acids for horses in intense training or exercise
- 12% Protein
- High Fat Feed Formulation
- More energy per pound

A textured feed formulated to optimize body and coat condition for performance horses.

10.00 %	Crude Fiber (Min)
8.00 %	Crude Fat (Min)
10.00 %	Crude Protein (Min)

EQUI-PRO® Performance™ 10:8

- Chelated Trace Minerals
- Increased bioavailability and absorption
- Organic Selenium
- Live Cell Yeast Culture
- Powerful antioxidant
- Stabilize hind gut bacteria
- Beet Pulp, Soybean Hulls and Vegetable Oil
- Minimize sugar and starch intake that may result in erratic behavior (hyperactivity) and tying-up.

Delivers cutting edge technology for feeding active performance horses.

EQUI-PRO® Mare & Foal™ Typical Analysis

- Optimal Levels of Lysine and Methionine
- Supports growth and development
- Healthy fetal development
- Increased milk quality
- Chelated Trace Minerals
- Increased bioavailability and absorption
- Organic Selenium
- Live Cell Yeast Culture

A textured feed designed for growth and development of foals, weanlings, yearlings, two year olds, pregnant and lactating mares.

EQUI-PRO® Mare & Foal™

Poulin Grain

Poulin Grain

EQUI-PRO® horse feeds are a premium line of feeds scientifically balanced and formulated for the current phase of life of your horse. Formulated in these feeds, is research on growth, energy, digestion and absorption of nutrients.

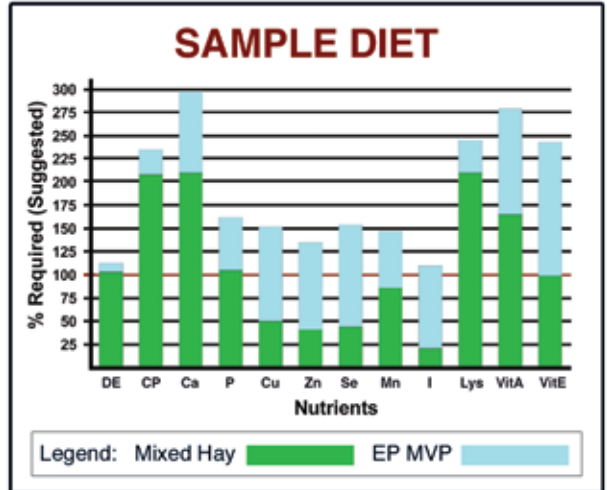

Included in the EQUI-PRO® line is live cell yeast that aids in digestion and absorption and chelated or organic minerals that increase the availability of minerals and provides increased stress and disease resistance.

Poulin Grain sources only the highest quality ingredients for inclusion in our EQUI-PRO® line of feeds.

The Poulin Family and its employees have been dedicated to providing exceptional service along with innovative quality products since 1932. We care about our customers and are committed to service and integrity.

Poulin Grain offers more the just a full line of premium bagged horse feeds. We also understand the importance of forage as the key ingredient in any equine feeding program and therefore we offer free forage sampling. In doing this our knowledgeable representatives can complement your forage using computer based ration balancing software in order to develop the best nutritional program for your horse. We care about "Making a Difference" with your horse.

If your horse is unable to swallow or chew properly and you are feeding a pelleted feed we recommend you soak the product in a small amount of water before feeding.

All Poulin Grain Horse Feeds Are Fixed Formulas!

EQUI-PRO® FEEDING DIRECTIONS	
MVP	1 lbs. per 1000 lbs. Maint. Horse
Carb Safe	4-6 lbs. to Maint. Horse
E-Tec	2.5-5 lbs. to Maint. Horse
10:12	4-6 lbs. to Maint. Horse
10:8	4-6 lbs. to Maint. Horse
Senior	4-6 lbs. to Maint. Horse
12:12 Pellet	4-6 lbs. to Maint. Horse
12:12 Texture	4-6 lbs. to Maint. Horse
Mare & Foal	
Pregnant Mare	4-10 lbs.
Lactating Mare	6-10 lbs.
Weanlings	1 lbs. Per Month of Age
Yearlings	4-10 lbs.
Foals	Creep Feed

EQUI-PRO® Pro-Max 12%™

Pellet

A pelleted feed formulated to optimize body and coat condition for performance horses.

- **High Fat Feed Formulation**
More energy per pound
- **12% Protein**
Optimum amino acids for horses in intense training or exercise
- Formulated with only the highest quality fiber sources
- Organic minerals
- High levels of antioxidants
- Live cell yeast culture
- Optimal Omega 3 and 6 balance of essential fatty acids (Flaxseed)

EQUI-PRO® Pro-Max 12%™ Typical Analysis

Crude Protein (Min)	12.00 %
Crude Fat (Min)	12.00 %
Crude Fiber (Min)	12.00 %
Calcium (Min)	0.80 %
Calcium (Max)	1.10 %
Phosphorus (Min)	0.50 %
Zinc (Min)	160.00 PPM
Copper (Min)	50.00 PPM
Vitamin A (Min)	5,100 IU/LB
Vitamin E (Min)	110 IU/LB
Selenium (Min)	0.70 PPM

EQUI-PRO® Premium Senior™

Highly digestible feed designed specifically for older horses.

Glucosamine HCL

- A powerful anti-inflammatory and building block to joint cartilage.
- Highly digestible protein and fiber sources
- Soft pellet, easy to chew
- Contains live cell yeast to enhance feed digestibility and palatability
- Optimum nutrition for the senior horse

EQUI-PRO® Senior™ Typical Analysis

Crude Protein (Min)	14.00 %
Crude Fat (Min)	4.50 %
Crude Fiber (Min)	12.50 %
Calcium (Min)	0.80 %
Calcium (Max)	1.00 %
Phosphorus (Min)	0.50 %
Zinc (Min)	145.00 PPM
Copper (Min)	50.00 PPM
Vitamin A (Min)	5,500 IU/LB
Vitamin E (Min)	100 IU/LB
Selenium (Min)	0.65 PPM
Glucosamine (Min)	660 MG/LB

Forage Extender Pellet™

Formulated to provide essential quality fiber in the horses' diet. May be used to replace up to half the forage in an animal's diet on a pound for pound basis.

- Less than 7% NSC (starch and sugar)
- No molasses
- Two different sizes: Mini Bites and Super Bites
- Flavoring to enhance palatability
- 80% digestible fiber vs. a maximum of 50% digestible fiber in most hay
- Added yeast culture
- Calcium: Phosphorus balanced
- Pelleted form to prevent sorting and enhance digestibility

Forage Extender Pellet™ Typical Analysis

Crude Protein (Min)	12.00 %
Crude Fat (Min)	2.00 %
Crude Fiber (Min)	24.00 %
Crude Fiber (Max)	28.00 %
Calcium (Min)	0.70 %
Calcium (Max)	0.90 %
Phosphorus (Min)	0.30 %

Feed Your Equine Only the Best... **PoulinGrain** ...For Optimum Health and Performance

EQUI-PRO® Carb-Safe™

Pellet

An innovative feed designed for mature horses that are or may be sensitive to non-structural carbohydrate (sugar and starch) content in the diet.

Targets the following:

Cushings • Laminitis • Chronic Obesity
Insulin Resistance and Tying Up

- Less than 10% (NSC)
No Grains, No Molasses
- No additional supplementation needed
- Organic Selenium
- Vitamin E
- Omega 3 and 6 enhanced (flaxseed)

EQUI-PRO® Carb-Safe™ Typical Analysis

Crude Protein (Min)	11.00 %
Crude Fat (Min)	5.00 %
Crude Fiber (Min)	28.00 %
Calcium (Min)	0.75 %
Calcium (Max)	1.00 %
Phosphorus (Min)	0.50 %
Zinc (Min)	140.00 PPM
Copper (Min)	50.00 PPM
Vitamin A (Min)	5,000 IU/LB
Vitamin E (Min)	125 IU/LB
Selenium (Min)	0.60 PPM

EQUI-PRO® E-Tec™

Pellet

A highly fortified pellet formulated with optimum nutrition for all types of horses. High levels of vitamins and minerals for optimum health.

- Improved palatability with natural flavors
- Higher lysine and methionine balanced for the Northeast
- Omega 3 and 6 enhanced (flaxseed)
- No molasses - less change in glycemic response
- Formulated for maximum digestibility

EQUI-PRO® E-Tec™ Typical Analysis

Crude Protein (Min)	14.00 %
Crude Fat (Min)	8.00 %
Crude Fiber (Min)	15.00 %
Calcium (Min)	0.95 %
Calcium (Max)	1.25 %
Phosphorus (Min)	0.65 %
Zinc (Min)	180.00 PPM
Copper (Min)	60.00 PPM
Vitamin A (Min)	6,800 IU/LB
Vitamin E (Min)	130 IU/LB
Selenium (Min)	0.70 PPM

EQUI-PRO® MVP Supplement™

Pellet

A comprehensive horse supplement that is ideal for all stages of life that contains vitamins, minerals and proteins.

- **Balanced Levels of Calcium and Phosphorus**
Insure adequate intake and proper ratio of calcium to phosphorus
- **Low Intake Advantages**
Provides assurance that horses are receiving balanced nutrition
- Omega 3 and 6 enhanced (flaxseed)

EQUI-PRO® MVP™ Typical Analysis

Crude Protein (Min)	24.00 %
Crude Fat (Min)	3.00 %
Crude Fiber (Max)	11.00 %
Calcium (Min)	3.00 %
Calcium (Max)	3.50 %
Phosphorus (Min)	1.70 %
Zinc (Min)	600.00 PPM
Copper (Min)	200.00 PPM
Vitamin A (Min)	25,000 IU/LB
Vitamin E (Min)	525 IU/LB
Selenium (Min)	2.75 PPM
