

# E-TEC®

E-TEC® Super Premium Horse Feeds contain the latest science based technology to provide horses with a low carb performance line of feeds.

All Poulin Grain E-TEC® feeds contain:

Live cell yeast for increased digestion and absorption of nutrients

Increased levels of natural vitamin E and 100% organic selenium to support health and immune function

Highly digestible fiber sources for a healthy hind gut

Optimum amino acids for performance and muscle recovery

Chromium for increased glucose utilization and improved immune function, growth, performance and overall health

Optimal balance of vitamins and minerals to satisfy requirements in the Northeast USA

Ca+RE EQ™ marine derived calcium for superior gut buffering and improved bone density and repair.

GI Pro<sup>3</sup>

**\*NEW\*** A unique blend of pro/pre/post-biotics combining 3 Bacillus spore strains to reduce inflammation, stop harmful pathogens, and kill harmful "bugs" affecting well being and peak performance.

## FEEDING GUIDELINES

AMOUNT TO FEED PER DAY FOR 1000 LB  
MAINTENANCE HORSE:

ONE	3 LBS
BALANCER	1 LB
FIBRE- MAX	3-5 LBS
CARB SAFE	4-6 LBS
SENIOR LOW CARB	4 LBS
SENIOR LC COMPLETE	12-15 LBS

For complete feeding guidelines, please visit  
our website, [poulingrain.com](http://poulingrain.com)

## FEEDING RECOMMENDATIONS

Feed with a good quality hay (1.5-2 lbs/ 100  
lbs of body weight), free choice salt and clean  
water.

Divide feed into a minimum of two equal  
feedings. Never feed more than 0.5 lbs of  
grain per 100 lbs of body weight in a single  
feeding.

All dietary changes should be made slowly  
over a period of 10-14 days.

If your horse has dental problems or trouble  
swallowing, products can be soaked in a small  
amount of water before feeding.

If you would like to have your hay tested  
or your horse's diet evaluated to ensure it  
is balanced for all critical nutrients, please  
contact your Poulin Grain feed specialist.

# E-TEC®

Poulin Grain offers complimentary  
forage testing and diet balancing.

Work with one of our nutrition  
specialists to:

- ☒ Evaluate your animal's  
overall body condition
- ☒ Have your forage  
analyzed for nutritional  
components
- ☒ Balance your horse's  
diet for optimum nutrition

We can't wait to build a custom  
nutrition program with you!

# E-TEC® EQUINE FEEDS

**POULIN GRAIN**  
Leading Animal Nutrition

ONE

Highly fortified pelleted formula with no grains or molasses, designed for horses at any life stage.

BALANCER

A scientifically formulated pellet which balances nutrient profiles of unfortified grains and forage-only diets and allows for feeding program flexibility.

FIBRE- MAX

A high-fat, high-fiber textured super feed for performance horses that require high calorie intake but may be sensitive to grain rich diets.

CARB SAFE

A pelleted feed formulated for horses that are sensitive to sugar and starches, well-suited for overweight horses and those suffering from Cushings, Insulin Resistance, Tying Up and Laminitis.

SENIOR LOW CARB

A super premium pelleted feed that does not contain grain or molasses, designed for the mature horse that is sensitive to sugars and starches.

SENIOR LOW CARB COMPLETE

A super premium pelleted feed that does not contain grain or molasses, designed for the mature horse that can not properly chew hay. Replaces the need for additional forage.

E-TEC®

EQUINE FEEDS

FORAGE EXTENDER

Formulated to provide essential quality fiber in the horse's diet. May be used to replace up to half the forage in an animal's diet on a pound for pound basis. Available in mini-bites (regular) and super bites (large pellet).

CALORIE-PLUS

Dry fat supplement for horses, designed to provide energy (calories) for weight gain and exercise performance. Available in 6 lb and 15 lb bags.

GIT ACTIVATOR

Direct fed microbial probiotics, prebiotics, and enzymes to activate optimum gastrointestinal health. 1 lb bags. See website for analysis.
