FEEDING GUIDELINES

ADULT MAINTENANCE HORSE

CHALLENGER	4-8 LBS
COMPLETE DIET	5-10 LBS
ENDURANCE SPORT	4-10 LBS
FIBER ADVANTAGE	3-8 LBS
RACE FORMULA	4-10 LBS
SPRINT EXTREME	4-8 LBS
STABLE SWEET TRADITION	4-8 LBS

FEEDING RECOMMENDATIONS

Feed with a good quality hay (1.5-2 lbs/ 100 lbs of body weight), free choice salt and clean water.

Divide feed into a minimum of two equal feedings. Never feed more than 0.5 lbs of grain per 100 lbs of body weight in a single feeding.

All dietary changes should be made slowly over a period of 10-14 days.

If your horse has dental problems or trouble swallowing, products can be soaked in a small amount of water before feeding.

If you would like to have your horse's diet evaluated to ensure it is balanced for all critical nutrients, please contact your Poulin Grain feed specialist.

EQUINE FEEDS

800.334.6731 | poulingrain.com

- CHALLENGER (Regular + Super Bites)

A pelleted feed formulated for pregnant mares and heavily worked performance horses. With Ca⁺ RE EQ™ marine derived calcium for superior gut buffering and improved bone density and repair.
- COMPLETE DIET

A high-fiber, low-fat pelleted feed designed for pregnant and lactating mares as well as weanlings, yearlings and light, moderate and active performance horses.
- ENDURANCE SPORT

Pelleted feed designed to meet the needs of pleasure horses to moderately working horses over two years old.
- FIBER ADVANTAGE

A moderate fat and fiber, beet pulp based feed supplying essential nutrients to maintenance, performance and breeding horses and ponies.
- RACE FORMULA

Textured feed designed for hard-working athletes with a complex balance of ideal energy and protein sources.
- SPRINT EXTREME

Textured feed designed for active performance horses.
- STABLE SWEET TRADITION

Textured feed that provides an economical means of supplying essential protein, minerals and vitamins to mature active and idle horses.
