

# EQUI-PRO® EAST COAST RACE

## NOW WITH NEW & IMPROVED FORMULA

**POULIN GRAIN**  
Leading Animal Nutrition

### EAST COAST RACE NOW WITH EXPANDA THERM™ BARLEY

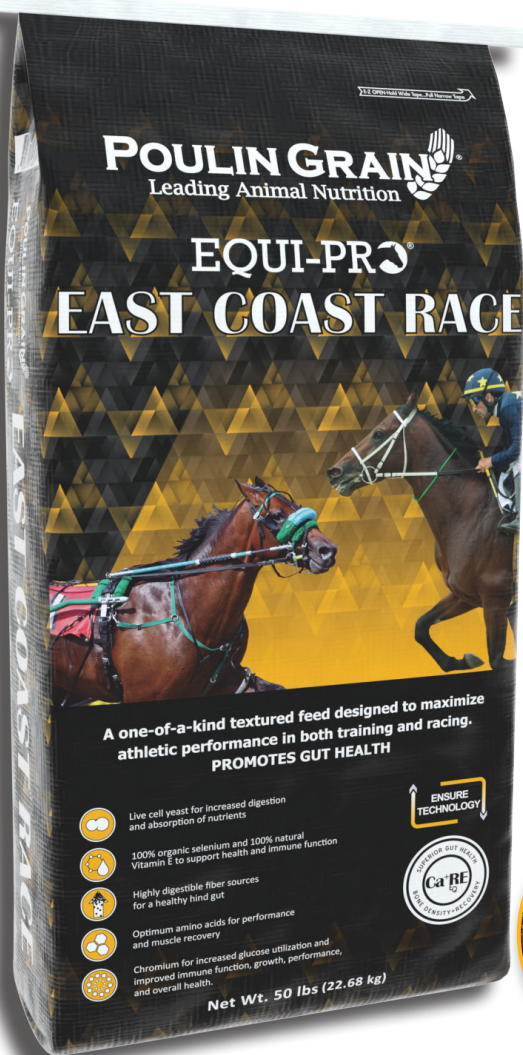

#### New Proprietary Manufacturing Technology Expanda Therm™

EXPANDA Therm™ is a proprietary process that cooks the barley grain to 350°F at more than 20% moisture. It is then pushed through a cone under hundreds of pounds of pressure.

This process uniquely unleashes the nutrients to the most digestible form possible.

### MORE NUTRIENTS & BETTER DIGESTABILITY FOR TOP PERFORMANCE

**A one-of-a-kind textured feed  
designed to maximize athletic performance  
in both training and racing.**

**PROTEIN FAT FIBER**

**13% 8% 12%**

**TEXTURED**

**POULIN GRAIN**  
Leading Animal Nutrition

# All the good things from our original formula, with added EXPANDA Therm™ technology.

## FEATURES & BENEFITS

### DIGESTIVE HEALTH

**Mechanically processed grain** enhances safe digestion and utilization; helps avoid hindgut ulcers and digestive upset.

**Natural enzymes** added to facilitate the digestion and utilization of starch (grain) in small intestine.

**Probiotics:** Live cell yeast and added microbes to stabilize bacteria, stimulating digestion and nutrient absorption.

**Prebiotics:** Mannan Oligosaccharides (MOS) to remove dangerous pathogenic bacteria from the digestive tract, stimulating immune function to keep the horse healthy.

### 100% ORGANIC SELENIUM & NATURAL VITAMIN E

Powerful antioxidants significant in boosting immune function. May help reduce tying-up.

### OMEGA 3 FATTY ACIDS

Enhanced levels to aid in anti- inflammation and muscle recovery. May reduce incidence of Exercise Induced Pulmonary Hemorrhage (bleeders).

### ORGANIC TRACE MINERALS

For increased absorption and utilization of nutrients to improve resistance to disease and stress.

### PALATABLE AND FRESH, FIXED FORMULAS

Manufactured fresh in a northeast based, family owned feed mill. Fresh feed translates to better palatability.

### HIGH CALORIE FORMULA

East Coast Race produces calories (energy) for racehorses using three important sources: starch, fat and fiber. The blending of energy sources means safer feed and may help minimize digestive upset (colic) or tying-up.

### CHROMIUM

For increased glucose utilization and improved immune function, growth and overall health.

### Ca+RE EQ™

Algae derived calcium source for superior gastric buffering, improved bone density and repair, reduction in joint inflammation, and reduced overall stress.

**EXPANDA Therm™**  
process uniquely unleashes the  
nutrients to the most digestible  
form possible.

## EQUI-PRO® EAST COAST RACE GUARANTEED ANALYSIS (%)

<b>Crude Protein</b>	<b>Min</b>	<b>13.00%</b>
Lysine	Min	0.80%
Methionine	Min	0.30%
<b>Crude Fat</b>	<b>Min</b>	<b>8.00%</b>
<b>Crude Fiber</b>	<b>Max</b>	<b>12.00%</b>
Acid Detergent Fiber	Max	14.00%
Neutral Detergent Fiber	Max	23.00%
Calcium	Min	1.05%
Calcium	Max	1.55%
Phosphorus	Min	0.70%
Copper	Min	60.00 PPM
Selenium	Min	0.65 PPM
Zinc	Min	180.00 PPM
Vitamin A	Min	6000.00 IU/LB
