POULIN GRAIN
Leading Animal Nutrition

E-TEC® EQUINE FEEDS

E-TEC® Super Premium Horse Feeds contain the latest science based technology to provide horses with a low carb performance line of feeds.

All Poulin Grain E-TEC® feeds contain:

Live cell yeast for increased digestion and absorption of nutrients

100% organic selenium and increased levels of 100% natural vitamin E to support health and immune function

Highly digestible fiber sources for a healthy hind gut

Optimum amino acids for performance and muscle recovery

Optimal balance of vitamins and minerals to satisfy requirements in the northeast USA

Chromium for increased glucose utilization and improved immune function, growth, performance and overall health

FEEDING GUIDELINES

ADULT MAINTENANCE HORSE (per day)

ONE	2.5-5 LBS
BALANCER	1 LB
FIBRE-MAX	3-5 LBS
CARB SAFE	4-6 LBS
SENIOR LOW CARB	3-5 LBS

For complete feeding guidelines, please visit our website at www.poulingrain.com.

FEEDING RECOMMENDATIONS

Feed with good quality hay (1.5 - 2 lbs/100 lbs of body weight), free choice salt and clean water.

Divide feed into a minimum of two equal feedings. Never feed more than 0.5 lbs of grain per 100 lbs of body weight in a single feeding.

All dietary changes should be made slowly over a period of 10-14 days.

If your horse has dental problems or trouble swallowing, products can be soaked in a small amount of water before feeding.

If you would like to have your horse's diet evaluated to ensure it is balanced for all critical nutrients, please contact your Poulin Grain feed specialist.

E-TEC[®] EQUINE FEEDS

FORAGE EXTENDER

Formulated to provide essential quality fiber in the horse's diet. May be used to replace up to half the forage in an animal's diet on a pound for pound basis.

CALORIE-PLUS

Dry fat supplement for horses, designed to provide energy (calories) for weight gain and exercise performance.

ONE

Highly fortified pelleted formula with no grains or molasses, designed for horses at any life stage. With Ca+RE EQ™.

BALANCER

A scientifically formulated pellet which balances nutrient profiles of unfortified grains and allows for feeding program flexibility and use of bulk grains.

FIBRE-MAX

A high-fat, high-fiber textured super feed for performance horses that require high calorie intake but may be sensitive to grain rich diets. With Ca+RE EQ™.

CARB SAFE

A pelleted feed formulated for horses that are sensitive to sugar and starches, well-suited for overweight horses and those suffering from Cushings, Insulin Resistance, Tying Up and Laminitis.

SENIOR LOW CARB

A super-premium pelleted feed that does not contain grain or molasses, designed for the mature horse that is sensitive to sugars and starches.
