

LAYER FEEDS

COMPARISON

CALCIUM AND PHOSPHORUS key nutrients to support a healthy, strong shell.

LYSINE high quality amino acid sources boost overall health and egg production.

ENERGY SOURCES support optimal egg production.

MOS PREBIOTIC maintains a healthy digestive tract and improves absorption of nutrients.

PHYTASE ENZYME improves nutrient availability and reduces nitrogen and phosphorus waste in manure.

ESSENTIAL OILS from cinnamon, oregano and chili peppers stimulate digestive activity and protect the intestinal wall.

YUCCA EXTRACT improves nutrient absorption, reduces coccidia and reduces fecal odor due to ammonia.

DFM PROBIOTICS maintain intestinal health and inhibit the growth of pathogenic bacteria.

MARIGOLD EXTRACT for consistent, deep yellow egg yolks and increased lutein in eggs.
